2. Notene på baksiden av sertifikatet kan være trykket på annet språk enn engelsk eller fransk.
3. Sertifikatets format skal være 210 x 297 mm. Det tillates likevel en toleranse på inntil 8 mm mer eller 5 mm mindre i lengden. Papiret som skal benyttes skal være hvitt, trefritt, skrivepapir med en vekt på minst 25 gram pr. m<sup>2</sup>. Det skal være forsynt med et trykt, grønt, guillochert bakgrunnsmonster, slik at enhver forfalskning foretatt med mekaniske eller kjemiske midler vil bli klart synlig.
4. Dersom sertifikatet består av flere eksemplarer, kreves det bare at det første eksemplaret, som er originalen, skal være forsynt med et trykt, grønt, guillochert bakgrunnsmonster.
5. De kompetente myndigheter kan selv trykke sertifikatene eller overlate trykkingen til trykkerier som har fått deres godkjenning. I sistnevnte tilfelle, skal det på hvert sertifikat finnes en henvisning til denne godkjenning. Hvert sertifikat skal være forsynt med trykkeriets navn og adresse, eller med et kjennetegn som gjør det mulig å identifisere trykkeriet. Det skal dessuten være forsynt med et serienummer, trykket eller ikke, slik at det kan identifiseres.
4. Opprinnelsestifikater, hvis mønster er vist i dette vedlegg, skal aksepteres fra forskriftens ikrafttredelsesdato. Sertifikater utstedt i samsvar med tidligere gjeldende mønster skal aksepteres i en overgangsperiode på seks måneder.

## NOTES (1996)

### I. Countries which accept Form A for the purposes of the generalized system of preferences (GSP):

Australia*	Republic of Belarus	European Union:		
Canada	Republic of Bulgaria	Austria	Germany	Netherlands
Japan	Czech Republic	Belgium	Greece	Portugal
New Zealand**	Republic of Hungary	Denmark	Ireland	Spain
Norway	Republic of Poland	Finland	Italy	Sweden
Switzerland	Russian Federation	France	Luxembourg	United Kingdom
United States of America***	Slovakia			

Full details of the conditions covering admission to the GSP in these countries are obtainable from the designated authorities in the exporting preference-receiving countries or from the customs authorities of the preference-giving countries listed above. An information note is also obtainable from the UNCTAD secretariat.

### II. General conditions

To qualify for preference, products must:

- fall within a description of products eligible for preference in the country of destination. The description entered on the form must be sufficiently detailed to enable the products to be identified by the customs officer examining them;
- comply with the rules of origin of the country of destination. Each article in a consignment must qualify separately in its own right; and,
- comply with the consignment conditions specified by the country of destination. In general, products must be consigned directly from the country of exportation to the country of destination, but most preference-giving countries accept passage through intermediate countries subject to certain conditions. (for Australia, direct consignment is not necessary).

### III. Entries to be made in Box 8

Preference products must either be wholly obtained in accordance with the rules of the country of destination or sufficiently worked or processed to fulfil the requirements of that country's origin rules.

- Products wholly obtained: for export to all countries listed in Section I, enter the letter "P" in Box 8 (for Australia and New Zealand Box 8 may be left blank).
- Products sufficiently worked or processed: for export to the countries specified below, the entry in Box 8 should be as follows:
  - United States of America: for single country shipments, enter the letter "Y" in Box 8, for shipments from recognized associations of countries, enter the letter "Z", followed by the sum of the cost or value of the domestic materials and the direct cost of processing, expressed as a percentage of the ex-factory price of the exported products; (example "Y" 35 % or "Z" 35 %).
  - Canada: for products which meet origin criteria from working or processing in more than one eligible least developed country, enter letter "G" in Box 8; otherwise "F".
  - Japan, Norway, Switzerland and the European Union: enter the letter "W" in Box 8 followed by the Harmonized Commodity Description and Coding System (Harmonized System) heading at the 4-digit level of the exported product (example "W" 96.18).
  - Bulgaria, Czech Republic, Hungary, Poland, the Russian Federation and Slovakia: for products which include value added in the exporting preference-receiving country, enter the letter "Y" in Box 8 followed by the value of imported materials and components expressed as a percentage of the fob price of the exported products (example "Y" 45 %); for products obtained in a preference-receiving country and worked or processed in one or more other such countries, enter "Pk".
  - Australia and New Zealand: completion of Box 8 is not required. It is sufficient that a declaration be properly made in Box 12.

\* For Australia, the main requirement is the exporter's declaration on the normal commercial invoice. Form A, accompanied by the normal commercial invoice, is an acceptable alternative, but official certification is not required.

\*\* Official certification is not required.

\*\*\* The United States does not require GSP Form A. A declaration setting forth all pertinent detailed information concerning the production or manufacture of the merchandise is considered sufficient only if requested by the district collector of Customs.
